GRIZZLY GRIP 8 mil

DIAMOND TEXTURE GLOVES

VINYL GLOVES • NITRILE GLOVES • GRIZZLY GRIP • TPE / POLY GLOVES • COTTON GLOVES

Grizzly Grip's non-exam gloves offer maximum comfort, high elasticity and superior barrier protection. Provides high resistance to puncture, tearing, abrasion and good chemical-resistance. These gloves are used for common tasks such as inspection, cleaning, handling parts, and general maintenance tasks.

Keep hands clean when performing maintenance or cleaning tasks. They are also worn to protect finished parts and materials during inspection tasks. Sometimes called general industry gloves, they are used once and thrown away to reduce the risk of cross-contamination.

Perfect for the auto/ tattoo industry as they mask any oil, ink or dirt from heavy machinery use.
